MARKETING

154,446 Website new users
2.9K Facebook Fans (183 increase)
1.3K Instagram fan Increase (4.2K)
908 Twitter followers

MAJOR CHALLENGES

Staying in front of the growing need for additional services and staffing.

Learning how CRS can support the Health and Wellness community.

Planning on how to support a growing population on a limited facility footprint.

Need for long term planning on student fee structure.

NEW STRATEGIC INITIATIVES

Prospective - Organizational Capacity

Objective - Improve Infrastructure

Initiative: Evaluate facility use patterns and determine how to meet growing use within the current footprint of the ESLC. Prepare a multi-year plan to address training space, equipment needs/replacement, storage, and facility upgrades.

Initiative: Evaluate departmental software, technology, and associated training. Review department utilization and opportunities to upgrade departmental shared space/tech equipment. Investigate the potential for digital signage for facility schedule.

Prospective - Internal Processes

Objective - Improve Collaborative & Strategic Partnership

Initiative: Utilizing member demographics, assessments, and usage data to identify collaborative opportunities leveraging CRS expertise and facilities to build relationships and partnership both on and off campus.

Prospective - Internal Processes

Objective - Improve Strategic Communication

Initiative: Utilize data/assessment to highlight our accomplishments and challenges and discuss with student staff to foster big picture discussion while identifying recruitment/engagement opportunities and campus stakeholders to maximize student participation.

Initiative: Identify and implement comprehensive marketing plan to including virtual tours, specific audience outreach, sharing of data trends, social media, single event promotion, off-site tabling, and streamlined procedures.

NEW STRATEGIC INITIATIVES

Prospective - Financial

Objective - Increase Funding

Initiative: Benchmark and evaluate fees and payment structure for members/non-members. Increase outreach and revenue growth opportunities. Seek out revenue streams to offset student costs/fees.

Objective - Improve Responsible Stewardship

Initiative: Seek out on and off campus sponsorship opportunities for facilities, programs, and student enrichment.

Objective - Reduce Waste

Initiative: Eliminate unnecessary use of paper by through improved use of current software in all areas.

Prospective - Student

Objective - Improve Student Outcomes

Initiative: Seek out engagements to create cohorts, holistic wellness, small group engagement, and other unique opportunities to create access, belonging, and retention.

Prospective - Student

Objective - Increase Student Awareness & Access

Initiative: Identify underrepresented identities and establish plans to include these identities in employment opportunities and participation outreach.

Initiative: Build relationships, collaborations, and outreach to other departments within Student Affairs to increase awareness around programs, new engagement, and programming to underrepresented audiences.
