

## **Social Justice Evaluations**

### **Key Findings:**

- There was a difference in experience between facilitated sub-groups regarding the effectiveness of facilitated conversations and follow-up questions.
- Overall program objectives of increasing knowledge and connecting content to their student leader role were reached consistently at a high level.

### **Actions Taken:**

- The information was used from month to month in planning the next inservice.
- The data is also being used in the development of the overall department diversity action plan and the 2009 Social Justice Inservices.
