

Study Abroad Orientation Session

Brief description of program / project:

Survey entering freshman for their impressions on study abroad, we asked students how they heard about study abroad, if they were interested in participating, and to leave contact information if they were.

Who was asked to complete survey:

Entering freshman at student orientations over the summer

Respondents: 324

Administration Type: paper with web entry into Campus Labs.

Summary of Key Findings:

There was a strong interest in studying abroad in the future. And a mostly positive association with the idea.

Actions Taken:

Followed up with interested parties and invited them to the study abroad fair and to our office for more information
