Client Beliefs, Feelings, and Activities Scale

Below are statements that some people use to describe themselves. Please read each statement and consider how much of the time each statement is true for you. Then select the appropriate number to the right of each statement. Please use the numbers on the scale below to rate each item. For example, **choose 1 for items that are never true** for you and **7 for items that are always true** for you. Use numbers 2 through 6 to indicate those items that are sometimes true. If you do not wish to answer an item, please leave it blank. You are welcome to speak with a counselor regarding any of the items and/or the scale.
