Women's Leadership Summit 2014

Brief description of program / project:
The Women’s Leadership Summit aims for undergraduate women to feel more confident as leaders by helping them build valuable skills and support networks. The program will include a keynote speaker, program sessions, mentor-led reflection, and the opportunity to network with community, campus, and student leaders and organizations.

Who was asked to complete the survey:
Students who attend to Summit.

Response Rate: 40.32 % (25 of 62)

Administration Type:
Campus Labs e-mail

Summary of Key Findings:
- 78.95% Agreed or Strongly Agreed that Connecting with women leaders at the Summit was valuable to me.
- 89.47% Agreed or Strongly Agreed that Overall, I found the Women's Leadership Summit valuable.
- 42.11% Agreed or Strongly Agreed that I have a plan for connecting with a mentor.

Actions Taken:
- The Summit is being moved to a more conducive space for 2015 to enable better student access and to offer a wider variety of programming options to the planning committee.
- More time during the Summit will be dedicated to discussion time between mentors and students. This should allow a better opportunity for relationship building.
